

Jefferson County Mountain Bikers!

Our Parks Department is working as we speak on the connection for our Mountain Bike trail to the Glacial River Trail. We had a total of 58 different volunteers come out on 16 trail building days for a total of 720 volunteer hours to work on this project.

We've also received \$750 in total donations to the project for signage, and we're just getting started.

Watch for the official "Trail Opening" in the not too distant future.

Thanks to everyone who put in so much energy and effort to get this project off the ground. We're well on our way to making a great little bike park right here in the heart of Jefferson County.

Stay tuned for more updates... Thanks everyone!
